📍 Villa Reyna, Yati Liloan Cebu

Education

Bachelor of Science in Information Technology
Major in Programming
2020 - 2024

ACLC College Of Mandaue
ICT - CSS (Technical Vocational Livelihood)
2019-2020

Tayud Elementary School
2013-2014

Skills

Programming Languages: PHP, Javascript, C++

Web Development: HTML, CSS, Bootstrap, Basic Knowledge in React.js

Databases: MySql, Sql

Cybersecurity: Wireshark, firewall configuration

Operating Systems: Windows

Computer hardware and software : network troubleshooting

Language

English
Tagalog
Cebuano

👤 Career Objective

As a recent graduate with a solid foundation in web development, I am excited to embark on a long-term career in this dynamic field. Proficient in HTML, CSS, JavaScript, and frameworks like Bootstrap, as well as libraries like React.js, I have honed my skills through various projects and internships. Eager to stay updated on industry trends and engage in innovative projects, I am confident that my dedication and proactive learning attitude will drive my success in web development.

💼 Work Experience

Front-End Developer
Internship

CTU-DANAO CAMPUS
Feb 2024 – May 2024

- Tasked with converting design into code for the user interface.
- Collaborated with a team of developers to create responsive web applications using HTML, CSS, and JavaScript, ensuring cross-browser compatibility and mobile responsiveness.
- Worked closely with designers to translate wireframes and mockups into functional front-end code, adhering to design specifications and brand guidelines.
- Applied understanding of ES6+ syntax, DOM manipulation, and event management to enhance user interactions.

Hardware Experience
Internship

- Recognized and troubleshot hardware problems.
- Fitted and substituted CPUs, GPUs, RAM, hard drives, SSDs, motherboards, power supplies, and other parts.
- Assembled and disassembled PCs, ensuring proper setup and configuration.
- Installed and configured networking hardware, including RJ45 connectors and LAN cables.
- Set up and troubleshooted network connections to ensure optimal performance and connectivity.
